PROJECTS:

Project title	:	**IT-NOTES-HUB**
Project Description	:	This project focuses on bringing easy and simple notes that is needed and understandable by students. I made this interface quite decent and user friendly using HTML,CSS and JavaScript.
Project title	:	**Java Spring Boot Bookstore Management System**
Project Description	:	Developed a Java Spring Boot backend for a bookstore management system, integrating MySQL Workbench, REST API, and Hibernate. Implemented CRUD operations for books, customers, and orders. Utilized Postman for testing and debugging. Secured with Spring Security. Followed best practices for scalability and maintainability.
